To the Friends and Members of the Mercantile Library Association:

Our Library has attained such proportions that the want of a Catalogue, for the use of its patrons, is keenly felt every day. It is well known that the Association is unable to compile and publish one without the assistance of its friends, and to the accomplishment of this most desirable object a committee of gentlemen have expressed their willing-ness to act. The total expense will amount to about Five Thousand Dollars. Will you kindly fill out and return to John N. Dyer, Treasurer of the Catalogue Fund, either of the enclosed Blanks-one, for any amount you may feel disposed to contribute; the other, being an obligation to take one or more of the Catalogues at \$5.00 each, as soon as completed.

We desire to consummate this matter immediately, and will be pleased to have an early reply.

Subscriptions will be received for any amount.
